## ARRIVING IN 2017

### PETAA Research Grant Publication (March 2017)

Members will receive the first PETAA Research Grant publication *Researching dialogic pedagogies for literacy learning across the primary years*, (Dr Christine Edwards-Groves and Dr Christina Davidson). The research project, funded by PETAA, studied how changes in classroom teachers' interaction practices will lead to improved opportunities and experiences for students' oral language and literacy development.

All recent PETAA books available in ePub format.

'PETAA is a vital part of my professional learning in English. It is excellent how research is connected to practice and this is what teachers need to know.'

'PETAA resources are fabulous... I use them regularly with my pre-service teachers.'

'We find the PETAA Papers very useful as they are practical and teachers can easily read and use ideas. They are great for early career teachers.'
