

Interested in writing or sharing some classroom ideas, strategies and tools?

In building our teaching community, **PETAA** would like to encourage teachers (members and non-members) to share their English/literacy teaching ideas with others.

We invite practical ideas and guidance from experienced primary and middle-school classroom teachers and writers from within Australia and internationally. Written to the simple brief as outlined below and completed within 500 words or less, these simple but effective teaching ideas, strategies and tools will be published online in our **classroom ideas, strategies and tools** section. [NB: The final selection for online publication will be at the discretion of the PETAA Publisher. Writers of these articles to be published will be notified ahead of online publication.]

Classroom ideas, strategies and tools are written by teachers for teachers.

- The Brief (with finished article be of no more than 500 words):
